required if the veteran was discharged because of a service-incurred disability.

EXCLUSIONS

Absent Without Leave (AWOL) must be deducted from active service. If this reduces the active service to less than the 90 or 14-day service requirement, veteran status will be denied.

Veteran status cannot be granted if an individual received a dishonorable discharge, a discharge from the draft, disenrollment from the Coast Guard Reserve, or a discharge from the reserve with no evidence of active service in time of war.

Veteran status cannot be granted if the individual's service was:

- State Militia;
- Student training corps during World War II;
- In the Armed Forces of the Allies during World War II when not a citizen of the United States at the time of that service;
- Military service during peacetime;
- Military service for training purposes. Also, courses of education and training under the Army Specialized Training Program or the Navy College Training Program where the courses were a continuation of the individual's civilian courses and were pursued to completion;
- As a cadet or midshipman at one of the service academies; or
- Any military service performed pursuant to the provisions of Section 511(d) of Title 10, United States Code, pursuant to enlistment in the Army National Guard or as a reserve for service in the Army Reserve, Naval Reserve, Air Force Reserve, Marine Corps, or Coast Guard Reserve.
